

## Product information

# 98 13 60

- Ergonomically optimised dual component handle for fatigue reduced work and optimum transmission of force
- Handle design prevents rolling

## Screwdriver for hexagon socket screws

IEC 60900 DIN EN 60900

⚡ 1000V ○

### General

|                 |                                                  |
|-----------------|--------------------------------------------------|
| Article No.     | 98 13 60                                         |
| EAN             | 4003773026372                                    |
| point           | burnished                                        |
| Handles         | insulated with multi-component grips, VDE-tested |
| Weight          | 98 g                                             |
| Dimensions      | 212 x 35 x 32 mm                                 |
| Standard        | DIN EN 60900 IEC 60900                           |
| REACH compliant | does not contain SVHC                            |
| RoHS compliant  | not applicable                                   |

### Technical details

|                               |          |
|-------------------------------|----------|
| Blade length                  | 100.0 mm |
| Width across flats S          | 6.0 mm   |
| Length of non-insulated blade | 15.0 mm  |
| Handle length                 | 112 mm   |
| VDE tested                    | yes      |
